

### CLASS ASSISTANT APPLICATION 2021

All students wishing to take part in this Program should complete this application and lodge it by Thursday, 31 December, 2020.

These positions are very important to class organisation. They are not only an opportunity to enjoy working with children but are for students who have the commitment and technical knowledge to assist teachers of junior classes and classes with large enrolments. (This means that your absence would be very disruptive to the students and teacher that you are assisting – as it is when you are absent from your own classes.)

**ELIGIBILITY** : You can complete an application if :

- You will be in 15 years old (or older) as of 1 January, 2021.
- You are intending to study Ballet and two other dance styles.
- You are intending to study for exams in those styles.
- You have discussed your application with your parents and they are supportive.

**RULES** :

- **You should attend the majority of your own dance classes** – absences, for any reason, will affect your participation in the Program.
- You should attend the classes you are assisting.
- You should **give reasonable notice** regarding absence **via phone or SMS to Myffie and talk to the teacher.**
- You should **act as a role model** for all PDA students **in terms of uniform, attitude, behaviour, attendance and punctuality.**
- You should complete a time-sheet and have it signed off by the teacher **at every class.** You should **sign and date the sheet yourself before handing it to Myffie at the end of every term.**
